DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114.
2. Applicant's submission filed on August 5, 2004 has been entered.
 - Claims 1, 3-16, and 18-25 have been canceled.
 - Claims 26-39 have been added.

Allowable Subject Matter

3. **Claims 26-39 are allowed.** (Re-numbered as 1-14.)
4. The following is an examiner's statement of reasons for allowance:

Prior art of record do not teach the combination of claimed elements including: "search database having a plurality of search listing, each listing being associated with a money amount; and a related searches database having related searches listings formed using search listings of the search database; ordering the search result list using the money amounts for the respective search listings, and providing the result list and the related search result list to the user" as recited in independent claims 26, 34.

Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. After a further search and a thorough

examination of the present application and in light of the prior art made of record, claims 26, 34 are allowed. Dependent claims 27-33, 35-39 are allowed at least by virtue of their dependencies from claims 26 and 34

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record, listed on form PTO-892, and not relied upon, if any, is considered pertinent to applicant's disclosure.
